Roper Proposes That Hoover  
Call Session To Establish  
Councils of DefenseWASHINGTON, Mar. 20—(UPI)—  
use of wartime methods of mobilizing  
the people of the nation for enforcement  
and observance of prohibition  
was proposed before the Hoover  
jury, now examining today, by Daniel  
C. Roper, ex-president of internal revenue  
when national prohibition was  
inaugurated.I don't know but that I would go  
even further than we did during the  
war because the threat to our country  
is more vital, he said.Hoover proposed that President  
Hoover call a conference of governors  
and established councils of defense  
such as existed during the World war  
and bring federal judges and district  
attorneys into a conference.Prohibition Benefiting  
Youth, Yost Asserts

By The Associated Press

WASHINGTON, March 20—Fielding  
H. Yost, for years coach of the  
baseball and basketball teams of Michigan  
was reelected today at the house  
judiciary committee's prohibition  
hearing at the opinion that the  
college youth of America was drinking  
less than before enactment of the  
eighteenth amendment.Yost's views were set forth in a  
telegram submitted by his sister-in  
law, Mrs. Lena Lowe Yost who has  
been in charge of presenting the dry  
position.

In my opinion the college youth of

America is not drinking as much

as they did pre-prohibition days.

No one is entirely satisfied with  
present conditions. One government  
attempted to control and regulate the sale  
of intoxicating liquors for a hundred  
years and made a miserable failure  
of it.Every one states he is opposed to  
the return of the saloon. However,  
any legalized place to sell liquor will  
serve the same purpose as the saloon  
as a place to buy intoxicating liquors.It is unfortunate that certain people  
of standing by example furnish a  
leadership to youth as law violators."

RECENTLY a Columbus man had the laugh on the city—but not for long.

The city is now doing the laughing through the mouth of the old proverb "He who laughs last laughs best."

After a charge of driving while under the influence of alcohol was filed against him, he had virtually confessed to before the court the defendant and his attorney defended the charge. They laughed.

City officials promptly filed an information charge against the man. He pleaded guilty at first, then after a matter over, and finally threw himself

THE SINGLE IDEA of superlative quality was the inspiration for Camel Cigarettes.

From the time when the first Camel Cigarette was made that one idea has set Camel apart.

A policy of better tobaccos, combined in an incomparable blend, manufactured with the most exacting care—all to assure the utmost pleasure in smoking.

That is the ideal and the practice back of every package of Camel Cigarettes.

It has made Camel the most popular cigarette ever known. More millions have chosen Camels for smoking pleasure than ever accorded their patronage to any other cigarette.

A STORY OF LOVE AND LIFE IN HOLLYWOOD

BY SIDNEY HERSCHEL SMALL

**CHAPTER 14**

An other man with his hands behind his head, and the author's hands, and he was the passenger of the car which overrode even the much of cased bodies. His eye was in a red in the center of a block he had been looking at—something to make the "Yes" an seemed to be waiting for him to say something. I expect the ordinary question is, "How did you get it?"

Nothing, and a sharp, answered him the house man however deeply rolled two cigarettes and handed one to his visitor.

They lit the brown paper tubes from the same match.

Jean Andrew wondered what the other was thinking and that set his own thoughts working. First of all as soon as possible he must get permission to wire Craig, find out who was wrong at the bank have it rectified, get out of jail again, change to take the money for the Mercury wire \$300 to Blake in San Francisco close the deal with the Consolidated, for the audience cameras get the money.

It came to him that the best thing he had to do was get out of jail. The overwhelming thought came to him through some legal technicalities. If Craig had stopped payment on the check could be held up if he held trial on it for the check he had given the Mercury people. Not at any time now did John Andrew think that Craig might have been acting through anything save friendliness, even if payment had been stopped. He knew Craig had loved him, the old attorney felt the same way toward him. The first thing to do—the only thing to do right now—was to get out of jail somehow. To do that was going to be necessary to wire Craig.

"There's no law to be made," the Mexican muttered.

Which other Hollywood case perfectly what a mess he was himself.

The third hour passed even more slowly. John Andrew with lights began to feel bitterness. Why had he ever tried to double the money? Why not been content with a yearly dole—\$10,000 a year or \$30,000 or whatever it was. Why not—bitterness of all—realized that he had seen Anne for the last time.

"How Kellogg he heard, and a water fit you you can talk through in bars instead of coming out to the great room."

John Andrew started flushed and looking up curiously saw another man standing beside the juicer who was in court. He had stayed—fearful that Anne might be.

"Here's my card," the stranger said. "Pete here. It'll tell you I'm O.K." The juicer nodded and his partner went to the far end of the cell block. John Andrew glanced at the man's card and stood looking at between his fingers.

"You're in a hell of a mess," the attorney said. "But if you take no action we can get it fixed up." He looked fixedly at Kellogg and added: "Wilson & Wilson know their stuff."

Is there such a thing as getting out on bail? Kellogg asked. I want to see a wife. Wilson at—

The name the attorney said I was born he only worked for Wilson & Wilson. You know to me he went on in a husky voice since we can get a good break. The D.A. him self says to me. Bill you get the Kellogg to plead guilty in 10 days so he only does 20 days here. But if he goes to trial, well, then he's in from one to fourteen years and up the prison board will give him the time. I say to the D.A. You leave it to me, Big Boy, I'll talk with Kellogg, and I promise you he won't take no fees—now how bout it?"

John Andrew frowned. "I appreciate your trouble, Mr. Thorne, but I'm not guilty."

Say I'm your attorney, Kellogg said. I passed the check and let me tell you th' jury in L.A. are death to paper hangers believe me. I saw a boy just yesterday, an he had a good attorney on a good story, but they sent him up just the same. Can you raise five hundred?

"I couldn't raise five dollars," Kellogg said. "But that's beside the point. I can clear this all up if I'm allowed to send a telegram."

"Not a chance," Thorne said. "The automobile people are going to make an example out of you. Even if you want to check good, they're going to go ahead and prosecute." They want

me to get him off on some

## MENACE PATH OF RUM TRAFFIC

Supreme Court To Decide If Arrest Faces Shipper in All Counties on Route.

By The Associated Press  
COLUMBUS, O., March 20.—Whether a person transporting liquor in Ohio may be prosecuted in all counties through which he passes is to be decided by the state supreme court.

The question was before the prosecuting attorney of Huron county, who said last week he will file a criminal charge against the defendant in a county in which he has been taken as far as 14 hours from his home, a distance of 100 miles.

He said the legislature's intent was that transportation of rum between counties in which it is illegal to sell it should be a federal offense.

# GIANTS MAY BEAT CUBS FOR PENNANT

## NEW YORK CLUB TO FINISH ON TOP

Pittsburgh and Chicago Likely To Provide Only Stiff Opposition; Outfield Weakest Place in Lineup.

This is the thirteenth in a series of stories written by International News Service sports writers at various major league baseball training camps.

By FRANK BLACKMAN, STAFF

SAN ANTONIO, March 19.—The New York club may justifiably be considered the best team in the National League, according to the latest reports from the training camp here.

The Giants seem to be battle-tested, having won 11 of their 12 games against the Cardinals, who are probably the next best team.

The Cubs are considered the next best team, but they are the National League champions. The Giants are estimated to be the first team since there are only three powerful ball clubs in the National League (Cubs, New York and Pittsburgh) comprised of players of the year.

The Giants seem pushing strongly a second base and a right fielder, both of whom should be better than regular players in the defense at several bases with Marshall installed as the captain, best of all.

Unless something happens, I feel fielding is going to be up to the Giants. So far, we have given them outfielders closer to the wrong place and by doing so, it only helps the enemy further until we win them.

Whether or not we were looking for major league bidders or buyers in the Southern League.

## SAUER TO WRESTLE JAP EXPERT FRIDAY

Tetsura Hygamy Will Hold Spotlight in Main Go; Middleweights Predominate Card.

Tetsura Hygamy, the Japanese middleweight expert, is billed to furnish action in the finals of the Marion High School wrestling card Friday night.

The jumping day will not be limited to a middleweight by name of George Sauer who comes here highly rated in the Alan Long division of the many arts. The main event of the card promises to vary on with the high class action which has abounded recently.

Vying with the main go for honors will be the attraction which brings Marion the only man who has ever succeeded in putting the elusive champion Jack Reynolds. Bobby Clark who turned that seemingly impossible task takes the arena next door against Ray Carpenter of Lancaster. The men are middleweights and should produce a good evening's entertainment for the fans. Clark has made a great record over a long period of time, having pinned or beaten many of the best wrestlers in the game. He is a fierce opponent in George Sauer.

For years the amateur class has forced the entries to startle champions. Tosten is a well-known name in amateur wrestling. After strenuous days, he has been able to make certain exceptions.

Shires," Says Former  
First Sacker.

The Associated Press  
Marion, March 20—Duke Shires, who is being bulldozed by the Chicago White Sox, is unable to get away from the team, as he has announced he will play with the team even though he has been invited to come to Italy. He admitted he had received an offer from another club, but did not say what it was. They have offered him a job as manager of their team.

He was going to ask the White Sox if they would let him play with the other team, but then decided to stay with the White Sox.

AT THE FACTORY

A BUNDANT, eager power, the keystone of Studebaker's championship achievements, makes the Dynamic New Erskine the spirited motor car it is. Not only has this BIG 70-horsepower car an unusually high ratio of power per pound, but its power leaps to action at your touch. A revolutionary new full-power muffler, pioneered by Studebaker, releases extra energy dissipated by ordinary mufflers.

A wheelbase 114 inches long provides generous leg-room. Headroom is ample, due to costlier double-drop frame. Length, lowness and hydraulic shock absorbers result in riding ease and road-worthiness typically Studebaker.

You will want The Dynamic New Erskine if you see and drive it. Its fine qualities reveal at once its sponsorship by Studebaker—with 78 years of manufacturing integrity behind it.
